

TransArts – Transdisciplinary Art

Master Programme: Admission Information for 2027/28

Admittance to the **master studies of TransArts** requires **evidence of completed, subject-relevant studies to the extent of at least 180 ETCS, or completed artistic master studies extending to at least 120 ECTS, at an art university or domestic/foreign tertiary educational institution of equal standing**. Admittance further requires **evidence of artistic suitability as part of the entrance examination**.

The entrance examination consists of two parts and is used to assess exceptional visual talent and the ability to combine this talent with other creative or cognitive skills. The objective of the master programme is to further enhance the ability to successfully develop and employ investigative-innovative artistic processes and to establish an independent artistic position.

First part: Assessment of the submitted **portfolio and supporting documents**

Second part: **Practical work** on a posed topic, personal **interview**

Upon **registration**, the following must be submitted:

- documentation of the graduation project from prior studies, if available. If you are still in the process of completing your previous studies, please submit a comprehensive concept for your thesis, including sketches, drafts, visualisations and accompanying text.
- a portfolio of representative artistic sample work,
- a curriculum vitae, and
- a letter of motivation in which personal expectations for the programme are explained.

Portfolio

- PDF document of 50 MB max. – Additional files (e.g. videos) can be linked from this document if required (e.g. vimeo allows a password protected video upload).
- the portfolio should document the current state of your artistic approach in the medium of your choice. There are no boundaries to the scope or topics of the work, whereby the aspect of topicality in connection with contemporary art and its discourse is an important criteria
- content:
 - e.g. project ideas, visualized concepts, drawings, photography, videos, documentation of three-dimensional work, documentation of projects in performing arts, architecture, visual art, etc.
 - a comprehensive concept for a semester project with sketches, designs, models, or other visualizations as well as a supporting text
